Dear Mr. Warrington.

I gave my lecture  
 to a pleasant audience and announced  
 Prof. McLeod's for next week. I got  
 a letter from Dr. Bell last night  
 saying he is ready to give his lecture  
 and the sooner the better. Cannot it be  
 arranged to follow McLeod. A letter  
 from a friend says Dr. Bell gave a  
 lecture in Saguenay (Tuesday night)  
 which was a great success. — Will  
 you kindly write to him on the matter.

I go to Quebec Monday on business of  
 the Nat. Hist. Socy. but unless detained  
 shall be back Wednesday night. If I  
 cannot I will let you know that you  
 may have some one to preside on the  
 19th. Warrington was in the chair last
