F. W. Rudler

7 Aug^r 1885.

Dear Prof. Harrington.

I am sorry that I am about to leave for my vacation without seeing you. The little parcel from Bonn, and the letters from Schlesing are the only things that I have received on your behalf. I opened the letters, seeing that they were from a shipping

agent, because I thought they might inform me that the box from the Continent had arrived.

I leave this evening for Belgium, and can only express my regret at not having the pleasure to meet you again.

With best wishes for your return journey

I am, my dear Sir,

Very faithfully,
yours,

F. W. Rudler.
