Sophia Braemlich
 Sec. Sci. Pub. Company,
 New York,

Dear Madam,

I am glad to hear
 that a ^{French} translation of Dr
 Hunt's "Systematic Mineralogy" is
 contemplated, as I know
 that nothing would have
 gratified him more than the
 publication of a French
 edition of this work.

There should be a
 small royalty on the
 French edition, but I would

certainly waine the royally
rather than not have
the book translated

Believe me

Yours faithfully

R. J. Harrington

I am glad to hear
that a translation of the
book "Systematic Zoology" is
contemplated, as I know
that every one would have
greatly profited from more than the
present edition of a French
edition of the work.
It has been so long
since the original in this
language has been published, but I know
