

EXPERIMENTAL FARM,

OTTAWA.

My dear Dr. Harrington,

It was very kind to send
me an invitation for your open-
ing tomorrow night, which
no doubt ^{will} be not only a splendid
affair but a notable event in
the history of McGill & Montreal.

If I had received it earlier
I should most certainly have
made arrangements to
come down, as it I must

forego the pleasure ~ and this
with much respect.
with kind regards and
the Season's greetings

Believe me

Yours faithfully
Frank J. Stett
