Dear Dr. Harrington,

I very much regret that I shall not be able to attend your reception and other functions in connection with the opening of your new building. Allow me to congratulate you on the magnificent housing your department is to have and to congratulate Montreal also on having such public spirited men among its wealthy citizens.

I see by the papers that new endowments are coming in and that the debt of McGill is to be swept away. I am very glad to hear this and wish for your university a very prosperous future.

Sincerely yours

A Pleoleman
