Toronto

100 St Vincent Street

June 5. 1900

Dear Prof Harrington

Some time ago you wrote me saying that there were a couple of demonstratorships open in Chemistry at McGill. and since that time I have seen it stated in the newspapers that

Dr Greenwood intended to
resign, and that other
changes were contemplated
in the chemical department.

I have just heard
today that the provincial
government has appointed
a Mr Lang of Edinburgh
Professor of Chemistry here
in place of Dr Pike; they
have offered to make me
Associate Professor, but
under the circumstances I

would prefer to have the Anniversary if there is
an opening at McGill.
kindly let me know how things stand there?

I should be very glad to come to Montreal and
talk with you on college, but an sailing frock
is over you should be away from home.

I send by the same mail a copy of
the ~~Estimate's~~ ~~Act~~ I sent in with my

application for the Presidency of University
in Toronto

Yours sincerely
A. Cook Walker
