Aug 20/68

Dear George

I fear you will  
think us very vacillating  
and foolish - but our  
plans have changed very  
much within a few days.  
It was quite settled that Maama  
and Haukine were to go to  
Indurua and spend a few  
days with you and return  
with you; but Judge Day  
has been in town and  
very properly wishes me  
to bring Maama to stay  
with him Mrs Day which  
I shall do at the Approche

at Richmond, and Mr. Fisher  
has called with very flattering  
accounts of your welfare and  
happiness. We have therefore  
resolved to leave to you  
the responsibility of bringing  
yourself home safe, unless  
we receive any intelligence from  
you in the mean time re-  
specting a different course.  
I therefore write now to  
give you some directions  
in the first place you  
may think you may go up the  
Saguenay & suit weather &  
secure agreeable companions,  
if necessary you can go up  
and return by the same  
road to Quebec, taking care  
to pack your things all  
ready at the Hotel Leveque.

About returning here, I  
 do not wish you to wait  
 for the last boat; but  
 to take a good opportunity  
 of friends going & fair  
 weather. We shall be  
 home by Saturday the  
 29th, and would like  
 to have you home to meet  
 us all by that time. Avoid  
 if you can a trip which  
 will leave you in Quebec  
one Sunday; and if there  
 should be any time in Quebec  
 after getting your things onto  
 the Montreal boat, you  
 may if you like see to  
 see the chickens. Dickson  
 is to be found at the Surette

& you are

Spice but you from the  
Wharf - Miss Anderson &  
the others at a street outside  
the St Denis Gate and leading  
off from St Denis road opposite  
the Commandant's house. It  
is a row of houses with new  
wooden porches (4 Beaulieu Terrace  
Berthelot st is I think the address)  
If friends come up with  
you, you can go anywhere  
in Quebec with them; but  
be sure not to lose your  
passport.

If you have received the  
\$10 sent on Monday, and have  
(as I suppose) your return ticket,  
you will be well enough supplied  
with money; but if not, write  
at once and I shall send  
more. I spoke to Browning yesterday

about Mr. Board, and Mr. will get the bill from Mr. Board, and I shall pay the balance here.

I am very desirous that you should avoid all risk of stains a good Portwine, to please you are to put and box up your things, and to left them on, and do not send a bottle a shilling to any of the men in front a wharf who help to move them. If you go alone in Larches, take a cab or Calèche, as it is an awkward place to find one's way in. (See previous page)

at the low price of \$1.

The telescope arrived to-day and

 to aid us in finding the next new  
 planet. I have also some apparatus  
 of our own hand, with which you  
 can help me.

I trust dear George that  
 you will bless me, and that we  
 shall have the pleasure of seeing  
 you in better health than for some  
 time past.

has called out my feelings

it better to leave it for  
the expediency of bringing  
yourself more safe, and  
we seem very intelligent for
