

Ms. J. 1. 1. 1.
Sept 2, 1840

Dear George,

Your letter of Aug¹¹ arrived in due course enclosing your paper on Trauers. It is very good and well written, and I think will get you a good reputation. I shall give it first to the Naturalist, and and when it is in type shall send proofs to the "Chronicles" and "Sullivan", and have it inserted there. I shall invite Whitehouse to add any new forms we has, but not to alter the paper, as it is better than he would put it.

Yours truly
J. M. Smith

I hope you will be

Scotland, and charge
you to give them all
