

Oct 27, 1870

Dear George

I am glad you like  
 these lectures which are no  
 doubt very instructive. Please  
 however not to neglect other  
 lectures which may be of  
 interest. Sent Bill of exchange  
 of last mail and shall  
 enclose second to this, which  
 please destroy if the post has  
 reached you safe. I also  
 marked Nicol's Book which  
 is more of fear too old  
 an edition & he of much  
 use. I just back of  
 paid the sum of 21/6  
 Dehorn Bedman Head of  
 Sett Walk Solier. If you  
 did not ask you hardly des-  
 troy a note reminding him  
 of his promise & send red  
 flowering sheets & crown  
 Hawthorn and asking him  
 to send the Bill either to  
 you or to me for payment.

Please put the enclosed in an  
 envelope and write it to Miss  
 GMB

The and was to be 24 for the quantity  
ordered and you may ask him to send  
the bills here if it is at all incum-  
berent to pay it. Please inform me  
as to your accounts when you write if  
you have not already done so.

We had quite a smart shock  
of an earthquake in the 20th at 11.5 am  
Prison. I am collecting facts about it  
for the Antiquary, and will send them  
to you when prepared. The water pump  
will inform you. Does it come at all  
regular? I hope you will see some  
good. Keep my love all cordly to your  
parents & send this word and my love to them.  
There is no friend like mine. In haste  
M Dawson
