Dear Dawson

On my return from a
tour in Cornwall I find two letters
from your father asking me to
receive for him his paper on
Devonian plants from the Royal
Society.

I have written to Mr. Stokes to
enquire how matters stand &

whether the memoir will soon
be sent to me. Meanwhile I
should be glad to know whether
you have heard anything on the
subject

I was glad to hear from your father
that Ramsay has been planning
some field-work for you on the
duroy

be con -
