Dear Serge,

Since I wrote
Ward & Lupper called.

He will see Capt.
Cameron in a few
days, and will
ask him to assume
any inquiries you
may have to make
Capt. Cameron
and W^m Lupper
of the

Ward is your man
for all supplies, which
I will pay for,

and he says Ward
can authorize you
to make purchases
here, of anything
that can be better
had here.

Tupper will
also send you from
Ottawa all the
Reports he
~~will~~ can get
in the region.

He says that
~~the~~ ^{one} great problem
is to find what
chances there
are of getting water
by bringing on
the plains; and
that every faculty
will be given to
make the work
of some department
a first thing,

He seemed

they are not, and

sent you his

first notes

Truly yours
with all love
