

Saturday

McGill College,
Montreal.
Office of
the
Library
of
McGill
College

Dear George,

I wrote twice to you yesterday, my views were very much and perhaps a little contradictory. I may now sum up a little.

It appears from what Tupper told me -

(1) That you are to be supplied with all reprints at cost of Govt.

(2) That a list of those should be sent to ^{at once} Ward with request to have power to purchase here such as you may indicate.

(3) That Capt Cameron will

Flower
your first names
mentioned in
your reading
Other books
may be
found in
Library at
Education
Office
of
McGill
College
Montreal.
Camp

Have sent George's salary & descripts of what families I refer to it when
Read up parts a

Give any information
you may wish for your
man at Ottawa.

(4) That Govt. are highly
desirous that the Geology
should be attended
to, and especially are
interested about Coal
and other Minerals,
about Water on the
Plains, and about
all things that would
promote Settlement.

5. That if any Reports
be one to be had at
Ottawa, Mr. Tupper will

inquire and by to
send them.

(6.) That the time
of starting will be ~~not~~
later than ⁱⁿ ~~the~~ ^{the} ~~middle~~ ^{middle} of ~~the~~ ^{the} ~~year~~ ^{year}, I ~~think~~ ^{think}
probably earlier than this.

If you wish it, I
can send in advance
any drying papers for plans
of which I have good patterns,
hammers, springs & types
instruments — patches
books, &c. — if you will
send me notices

of what you want, But
anything that will be
in time when you return
may be left till then,
and it may be well
to get an answer from
Ward first.

I would send I direct
mail after writing Ward
a duplicate as the post
may not be very certain,
I am what I suppose I
think the letter of what
you had a copy was
intended for Matthew, and
Ward may not yet have
had notice of your appointment,
I would write to
him at once if not
already done.

With all love
from
W. D. Cooper
