

Lufferni. Manitoba.

17 Feb. 1874.

Dear Mr Dawson.

Your letter of 3 Feb. has  
duly arrived and I am much  
obliged to you for the information  
that you have taken so much  
trouble to collect for me.

The Commissioner wishes to  
have some iron tablets buried in  
the boundary mounds, and I  
shall be much obliged if you  
could get some one in Montreal  
to tender for the supply of 250  
of these articles, and if you  
consider the price reasonable,  
to accept the tender, and order

the supply. There may be a  
difficulty about getting the iron  
plates covered with porcelain,  
but I do not know of any  
protection that would be so  
durable or so efficient.

I enclose a full sized  
drawing and specification for  
the tablets, and I think the  
two together will explain what  
is wanted.

If they can be made in  
Manchester, they should be packed  
in handy sized cases and  
sent to Macclesfield, from which  
place we could fetch them with

on our teams. -

Captain Cameron went to  
Ottawa a week ago, and I  
do not know when he will  
return here. -

Believe me.

Yours very truly

J. Macdonald. -

On purchase  
of

Tablets

to be

deposited in  
Boundary  
mounds
