

Kamouwaska,
Aug 27/74

Dear George,

Your letters of
July 31st & Aug 1st from
Miss Buttes were duly received,
and we were all very
glad to hear of you again
and to have so interesting
accounts of your doings,
especially there was much
joy at the prospect that
you may be home again
next winter. We are now
making ready to leave
this place, and hope
to be home by the 1st Sept.,
I write a few lines now
to acknowledge your letters

You will receive copy from the
M. M. all care from
your affectionate
M. M. M.

as I shall be very busy
when I return to town.

I have ordered the
Blue-books you men-
tioned, and shall trust
to have them in good
time for you.

We have been
making some improve-
ments and alterations
in our house, and hope
to have matters very
complete when you
return.

You it is reported
in the papers that
Jenl Carter's party has
made great good cheer
everywhere on the Black

Hills to the South of
June region. Ground
of there is very unprop-
riate in your direction.

His man stated that
the outlaws whom
the mounted police are
to look after, are on
the Bow and Belly Rivers
far north of the Boundary,
so that they may (I mean
both the police and the
outlaws) not be near
your line of march.

I write a few
days ago informing
you of what I have
been doing here
