

Montreal  
Sept 14/44

Dear George,

Quite this  
I Dufferin in hope that  
you may within a few  
days be there. We  
are now all home  
and well, and  
wishing you to make  
our family gathering  
complete. May God  
grant you a safe  
return to us.

There is no news  
here of any consequence  
present. I have  
made a little raid  
up the Ottawa, and  
have secured a  
splendid collection  
of furs, at which  
I hope to make a  
little this winter.

Collect with care.  
Remember to remember

and I shall soon  
be full of  
lectures on

I hope success in  
will see me of the  
England before  
the sunset of  
winter, and I shall  
be anxious till I  
receive further news,  
and hope you will  
telegraph when you get  
to St. Petersburg.  
Love you every father  
W. Dawson
