

Camp on Navajo River  
Sept. 28<sup>th</sup> 1875 -

George Danton Coyle }  
Geological Survey }

Dear Sir

I have written to Mr. Bell to give you what information he can about the location of the lignite he picked up or of any other specimens - I have also written to Mr. Ferris the surveyor at Blackwater Depot to furnish you with what supplies you may require and inform the Comadre in charge of the pack train that you will travel with him and he will assist you all he can - I think you will have no difficulty in getting to Fort Geary and back to Luesnelle -

Yours truly  
A. S.

P. S. The train from Luesnelle in charge of Alex. McLean is due at Blackwater depot - on Friday (and is ~~the~~ I believe the last train going to Fort Chaves). McLean is bringing two parcels for me of Indian goods for the Klutzes chief - Wankum - whose camp you will pass - One parcel is addressed for Annie Klutzes; the other no address. Please ask McLean for these - tie them together - address to H. P. Bell Esq and send back by the return train  
A. S.
