Flag staff of the Dominion flag

Hon<sup>ble</sup> Dr Ash  
Provincial Secretary

Sir,

I have received, & am anxious to forward at once, a flag-staff intended for the International Exhibition to be opened in Philadelphia next May.

It is desirable that no delays should occur in the transmission of the flag-staff, & that on its arrival in San Francisco it should be put on board the first Clipper ship for Philadelphia or New-York

York.

With your concurrence, it is proposed to consign the flag-staff to H.M. Consul in San Francisco, the charges of transportation, & if necessary the freight in advance to Philadelphia or New-York, being assumed by the Advisory Board of B.C.

The flag-staff will be in bond, & addressed to the Canadian Commission. International Exhibition Philadelphia.

Yours obed. Servant  
George M. Dawson
