W. H. Dall Esq.

Dear Sir,

I have to thank you
for copies of your various
publications in connection with
the U.S. Survey, & the
accompanying maps, which
interest me much, - especially

Your remarks on glacial
phenomena.

I hope to be able to send you
within a few days a copy
of a paper you own on the
glaciation of the plains East
of the Mountains

Yours very truly
George M. Dawson
