Dear George,

I add just a
word to wish you many
many happy returns of
your birth-day, and
that the Lord may bless
and care for you. I
know he will cheer you.
He will give what we
need wisdom he knows
to be best, and up to
this time he has granted
you and given you open
opportunities beyond what
I do just wish in the
world. You may find
much to be learned, when
you return to the Seminary
here I have heard much
with all love
Your affectionate father
