Dear Sir,

It was through
a mistake that three copies
of Sheet II of my map were
mailed to you instead of
the complete set. I mail
today the two sheets wanting
to you. Sheet I bears
title. The whole accompanies
our Rept. of Progress for
1879-80, just through the
W. H. Dall Esq.
Washington

Printed hands.

The additional requests
 objections referred to in
 former notes, I hope to be
 able to procure for you before
 long. As the departments
 here are at present very
 busy preparing returns for
 Parliament &c.

Yours very truly

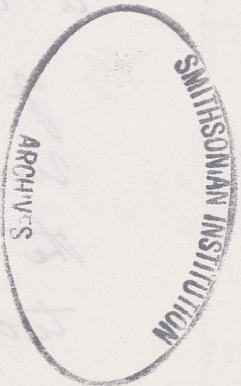

George D. Dawson
