Dear George,

I am here
 2 night on return
 to Winnipeg, having been
 rated as far as Col
 my, and been much
 of lectures, I am
 I hope which you
 have on well the

At Calgary the railway
has made a fine
cutting in what I believe
to be the same heavy
Sandstones with shales
and shaly, and having
numerous fine leaves
of what made large
collections. Many reports
there of discoveries of
coal, silver, &c, in
the Rockies west
of Calgary. Railway

parties are now pushing
as far as west of
Calgary and sections
being made, I have
no doubt of much
interest.

I met a man
named Wance Jr. B.C.,
who had met you
on July 12 in the
Census tent and reported
all well.

If you can return
to Calgary and the C.P.

You will see much
(in cuttings & mines now opened here,
of interest. The

Railway will reach
the Bow at Calgary
to-day and there
are constructed cars
running in as far
as this place, from
which regular passenger
trains run to Winnipeg.

With all love
and best wishes!

Yours affectionately

W. Dawson

P.S. Have heard nothing from
you since I left. Last expect
letters in Winnipeg, where I am
