GEOLOGICAL & NATURAL HISTORY SURVEY.

Alfred R. C. Selwyn B.L.D., F.R.S., Director.

MUSEUM & OFFICE, SUSSEX ST. OTTAWA.

21 March 1884

Dr W. H. Dall
Smithsonian Inst
Washington D.C.

Dear Sir,
I enclose with this proof copy of a map showing distribution of Indian tribes in British Columbia, which will be ready to go through the press in a few days. It is the result of the joint work of Dr Tolmie & myself since 1875. It is I believe fairly correct throughout, & may I hope serve to fill the gaps between your maps of a similar kind relating to Alaska & Washington by. With this general object in view I have endeavored to assimilate the colors as much as possible to those on your maps. I send the map to you at the present time in the hope that you may be able to look it over & possibly detect some errors or omissions which should receive attention. My only object is to make the map as trustworthy

GEOLOGICAL & NATURAL HISTORY SURVEY

Major W. H. Murray, M.A., F.R.S., Director

MUSEUM & OFFICE, SUBSEX ST OTTAWA

MOBILE DIVISION
NOV 29 1892

21 March 1892

To W. H. Bell
Georgetown
Washington D.C.

Dear Sir,
I have the honor to acknowledge the receipt of your kind letter of the 17th inst. in relation to the geological and natural history survey of the Dominion of the United States, and to inform you that the same has been forwarded to the proper authorities for their consideration. I am, Sir, very respectfully,
Your obedient servant,
W. H. Murray

as possible in reference to boundaries of tribes.
The geography is not quite up to latest dates in
some parts of B.C., but an old map plate has
been utilized & some reference & is complete
enough for the object in view.

The subdivisions of Tribes are in most cases too
numerous & minute to show on the map, but will
be indicated in a short accompanying note, in which,
I need not say, any omission you may be
able to give will be fully acknowledged

Yours truly
George M. Dawson
