June 7/88

Dear George, I should
have written to you
last week but every
moment had to spare
was snatched away by
some interested parties.
Before receiving your
letter I had written
privately to A. B. Sweeney
to see how the land
lies, and I shall
now have some
copies made of your

which seems very
well put,
Statement of ~~us~~,
and shall communicate
with ~~the~~ ~~Sturidge~~, Report
Ives and ~~others~~ ~~as~~
whom I can rely

I wish you could
have got down, this
Saturday to see us;
but perhaps you
may not be away
before next Saturday.

Write what
you say about the
R.S.

William is with
us this Sunday
and Warrington
has returned.
Rankine was still
in London a week
ago, but undecided
as to his plans.

Matters are
going as usual
here, but this

week & next there
will be a movement
of notes - on the
part of the Ladies
& children. I cannot
leave till some
time in July,

Ever yours

M. D. W.
