Dear Mr. Dall,

In reply to your letter I may say that so far as I know nothing on the subject has as yet been printed. I have only lately returned from British Columbia & am getting by report of explorations of my seat to press & shall before long I hope be able to send you a copy. I have a few photos of fishes from the river rivers, which I believe you saw. Can you give me the name of any one likely to be familiar with Alaskan etc. fresh-water fishes to whom I might send the photos for determination — or remarks?

Yours very truly
