

Birkenshaw,

Little Metis,

Sept 10/92

Dear George,

I did not expect
 to be here again; but
 Maamma has had a
 somewhat sharp attack,
 and I have had to
 come down & bring her
 home. This I am
 glad to say mending
 but I fear I cannot
 venture to have her
 return till about
 Thursday, so I shall

perhaps have to remain
till that time
In the mean time
William and Eric
are keeping house
for me in Montreal,
but Florence and
probably Bernard & Anna
may be back next
week before me.

I hope mamma is
going in the wedding
way, and will soon

be all right but it
will be necessary for her
to take care for some
time

Ever yours affectionately

M. Dawson

to see right over to
with the workshop for the
to take care for some
time
for your attention
