

BEVERLEY HOUSE,  
TORONTO.

Jan<sup>y</sup> 15. 1895

My dear Doctor

I was going to write to  
you this morning when your new  
appointment appeared in the papers,  
but a disappointing paragraph  
followed and prevented me -

Now I am delighted

Beverly House  
Toronto

to hear from Schreiber that there is no  
mistake about it, and Conspateld's  
Gm with all my heart.

I had taken it for granted  
as sure to come, but promises  
and pay are not among the  
good things which are  
improved by distance

One does not see exactly what  
is left for me now except Harriet.

Please keep me of it as long as  
possible

Sincerely yours  
C. R. Mison
