Dear Genl,

I am glad  
I can give a little  
better account of  
our hospital. Mamma  
is up and about and  
is cured though  
much reduced. The  
two little ones Jos  
and Bobby are  
proceeding favourably.  
So I hope we are  
over the worst for  
the present.  
I ought to have

gone to Quebec to<sup>2</sup>  
night for the meeting  
of the Council of  
Pub. Inst; but on  
the circumstances thought  
it wiser to stay.

In looking over  
your specimens from  
Stanley Park Vancouver,  
I find their numbers  
but cannot find  
my copy of the  
list. I must have

Sent a copy to you,  
but seem to have  
unlaid my own.  
If yours is acceptable,  
I shall be ~~very~~  
glad to have the  
use of it as true  
of the plants seem  
to be the same with  
those in the Burnard  
Gulet bot; but  
of his hand & pen,  
please do not take

~~Smith~~ about the  
Green in memory  
things from my  
Library in the College  
to have misplaced  
a bundle of notes  
on Plants; but it  
may possibly turn  
up.

Ever with kind regards,  
Yours  
M. D. A. W. D.
