Dear Uncle George
I was on the
shore this morning
when Harry Beck
came mining down and
told me that there
was a beautiful
bicycle waiting at the

house for me so I ran
up and saw what a
beautiful one it was
the first thing I did
was to put the pedals
on the second to fix
the handle~~bar~~ on and
oil it and then to
try it as soon as it
was on the road a
crowd came to see
it and we had a lovely
time learning to ride
and last of all I am
going to thank as
much as I can know
how to for such a

beautiful present as
that is

~~with the~~
