Dear George,

This may be the
 last letter I shall write
 to you from this side, and
 I am happy to say that
 Mamma and I, though certainly
 a little older and no longer
 from home here, are not
 serious the more of the many
 changes we have had,
 though I must say that
 the changeable weather and
 peculiar habits as to food
 of people here are trying to
 old people. The meeting
 of the Anti-Corn Law Club
 fair at least to be a great
 crowd, whatever its success

value. It will probably be
 the largest yet in point
 of numbers, & many
 associates are crowding in
 from this city and the
 populous places near it.

Prof McCallum of Toronto
 is here representing the Local
 Committee in that city,
 and Mr. Tomlinson of Paris,
 Grant is also here, though
 I have not seen him. He is
 it seems the guest of the
 Earl of Derby.

Very in the accident
 of the Lake Ontario, we
 have had to change
 our plans, and to take

was available in the course on the very day
from close of the conference, and in the
out perhaps three days earlier than we
had planned.

I know by a deed you anything
that may be published here like I intend
you, though I fear there may not be
much. The first meeting of course
takes place to = Museum's program and
I fear that you in case anything
comes up of interest to have your first
copy of maps of Chontoneo & Irumoboy and
