Sept. 2  
to know if they  
have really found  
31st  
Dre in Almaty

Dear George,

Thanks so much for

your kind letter, I am  
now able to send you a  
photo of baby, which has  
just been taken, and only  
arrived this morning, so  
you are the first to get  
it. Rankine took her herself

Much more valuable to her  
in years to come - Rankin  
had a very pleasant six  
weeks in Switzerland  
with a patient - he came  
back looking very brown  
and well. I hope he  
will be at home for a  
little now. I hope you  
have had a nice trip

Though I don't suppose there  
was much holiday about  
21. My seemed much  
disappointed that you could  
not go to Metz - with  
all good wishes in which  
Rankine joins.

Yours very sincerely  
J. W. Dawson

to be done, after he came  
back from this last trip of  
his, he is very proud of his  
daughter and says the only  
thing she is like me in  
are her ears, which is her  
one weak point! It is very  
good of you sending her  
a porringer I hope you will  
have a little inscription  
put on it, from whom it  
comes it will make it
