Sir,

I am directed to inform you that at a meeting of the Nova Scotian Institute of Science, held at Halifax, on December 11<sup>th</sup>, the following resolution was adopted:—

"This Institute has learned with the greatest regret of the death of its distinguished Corresponding Member, Sir J. W. Dawson, and desires to place on

Walter, New York  
December 15, 1877

Dear Mr. Brown in C. M. P. 210  
Boston

Sir

I am pleased to inform  
you that at a meeting of  
the New York Historical Society  
I have been elected as  
a member for the year  
terminating on the 31st of  
December next. This election  
has been made with the  
assent of the Society of the  
City of New York and  
I am, Sir, F. W. Brown  
and believe to be in

read its profound sense  
of the eminence of the services  
rendered by him to the cause  
both of science and of education,  
during a long life, which  
was happily as fully characterized  
by successful results, as  
by unremitting efforts towards  
the attainment of a noble ideal.

The Institute desires to  
convey to Lady Dawson and  
her family an expression  
of the deep sympathy with  
which its members have  
heard of the sad bereavement  
she and her family  
have experienced."

I have the honor to be, Sir,

Yours obediently,

Harry Pierson,  
Rec<sup>d</sup>. Secretary.
