We were on the  
of ~~the~~ for you last week  
& I suppose that you will  
certainly be here this time  
matter is beginning to feel  
herself in the clutches of  
the whirlwind which will  
carry her finally to Italy  
she seems to have so much  
to do - I am w<sup>d</sup> how happy  
she w<sup>d</sup> have comparatively  
little - her new husband  
seems a treasure I send  
her well

It is to sail May 24<sup>th</sup>  
just a slight tide as the  
will arrive either at our  
last moment - or to experience

I hope you will get through his papers  
as soon as possible - he is an excellent writer  
in every respect - I remember the papers of  
his father - a man - he does not mind  
at all - but I believe enjoys it more than  
he has to show every other to meet them  
but they are most interesting ones - I think  
you shall be very glad to see  
them as they are well let well to you  
to rather trying to meet people  
you - get this paper for the people  
first last week of capital of your  
by the London for Scotland - a piece of  
books - a book they long - great of  
of

We ought to have a delegational committee  
I think were that vote is getting so popular  
some other members of the family who agree  
on liberal, as an acre in some sense  
retired first - whose in earlier days  
when like was tax levying - I am always  
longing for some alternative piece - but  
not - being by my strong opinion for long  
Joseph of quiet - of regard - of make the  
man - like of that -

Walter has been so happy at the new  
garden - of learned so much - not  
of what - a clever, clear - list  
of - is delightful - he has brought  
some, of all sort of elegant  
and the of putting together  
them was upon each other -

The joys of a partly deserted  
manseon - also just when  
I am, are exquisite in their  
elements - However we  
must do our best, & I  
believe are to follow later but  
have much, I do not know  
I fancy that the intention  
is to remain here - but K  
has so often come & then felt  
unable to cope with the dif-  
ficulties of the situation  
that I have little faith  
in his settling down till  
I see it - It wd certainly  
be pleasant - but I fear  
the struggle wd be long &  
hard, & at his time of life  
very wearing & mortifying  
still I have much faith in  
Glo - Clare has the highest  
opinion of her - & Clare has  
much insight -

We really intend to leave  
June 1<sup>st</sup> if all be well  
& we expect you down shortly  
after we reach there -
