Dear George,

Many thanks
for your birthday good
wishes. I have more notes
taken of these events now
than when I was young
the children always have
some sort of simple cel-
bration & I think it is
good for them as well
as for me. Bernard
is back at college again
but still has a nasty cough
which I hope he may
shake off before long.
The others are well, there
never has been a better
winter for out-of-doors
sports & the snow-shoveling

& sliding & sheering an
carriet on most uncer-
ainly - The girls are going
in for these a great deal
& it must be good for
them. In the evening
the mountain is just
studded over with people
of all ages & types.

I hear there is some
prospect of your losing Law
I fear it will be trouble-
some to you, as several
good men have fallen
away of late years - Is it
the salaries or do you
train such excellent people
that money is sure to be
offered for them - You are
the less useful people re-
main as a permanent
stock - We have much
the same experience in the
College - But the work of
your department is so
absolutely essential for
the education of the country

that no expense sh^d be pressed to have
it well equipped & finished - & cause it
is absurd that the men of Remembrance
sh^d have little pay, while so much is
given to foreign hearts, as well as to those
who are being recruited by their country
with government.

Another is easily well but hardly
tried, I have understood of a letter long
might do his good. Sh^d you not come
often next February - is it not a great
confort to his. & if you let me know
well as that you are not called upon
to meet - & unless you is not otherwise
I rec^d - in your notes & words to bring
on my own account. wh. I believe in

has also done - Now it - occurred to you
that he may have sold the whole thing
for a large sum - why we? Just it - only
his own capital - I have heard nothing
more about it, - unless perhaps Mr. A's
many people here receive the English papers
they from Greenwich has their affairs
two weeks to visit - his mother -
was there yesterday at - a 5th - tea, they are
all well & nice people - Mrs. Carver is
very jolly - able to go out little - & after
days not - even come down stairs, she
was born the same month & year as
you -

With much love

Anne
