Dear George,

It will be
better I think far well
not to come next Sunday
Mother is talking of going
away this week if she can
for a day or two, she is
dreadfully upset about
this whole affair? I fear
w. we only require it & have
it all over again -
Geo. has been up to mother
insisting over it - & saying
how he suffers by being
misunderstood & so on &
repeating over & over that
he had to keep his solemn
promise to father, at all

casts. I believe that he
by this time does suppose
he is right - he utterly failed
to comprehend papa, as
his true wishes - the feeling
of heart that was a symptom
of his physical state, seem
to him the one essential &
his love for you, his wish
to be well represented &
invisible - Also to entirely
misunderstand you, & sup-
pose you were only dis-
served to spare yourself
some trouble, & then un-
warrantably turned cruel
when you saw the pains
slipping out of your hands.
It does seem so curi-
ously explaining, & it is little
wonder that K's career
has been so checkered -

K. has sent copies to
various people - Bernard

got one among others, but I have seen
no notice of it; I don't know if it is
on sale - the printing is good & the paper
is very fine these are certainly small errors
but I really hear not the least to
wilt it - only one fault; I thought the
one which I do not have chosen it -
looks so gentle - The man I think of
is - the man I feel you & I must be
missing possible, by that - decidedly declining
to let me have anything to do with it. At
10 or 12 hours received herself no doubt? or
not another, but it is not the first time
in my life I have regretted not being
kind, when I had light to go by
as to the well - what has happened

What if, I intended to change it. I want
to hear it - done by a lawyer I will pay
account - I wish she got it - so far she will
ask you to come & go over it - with her,
whether you will do. At present you,
or I - are left - I wish to see you,
for N. refusing his promise to you as to both,
as he ever then out of the country,

I will let you know if we see
get off, and of them - I mean I hear
got a card when I think well to
me? we are trying to decipher the
who has been dead a while - I
they will I think think that.
