

Mr Mac Donald Luckhurst

762 Craig St

Dear Sir,

I thank you for

your letter received this day

and for the trouble you have  
taken. The extract should

have consisted of two leaves  
up to the end of the first

paragraph on Page 5-36..

I send a copy of the wanting  
pages. In sending the MS to

~~Arthur~~ Bourneot, do not  
omit the proofs of figures

parted on yellow paper, and  
ask him to send them to the

Printer for his guidance.  
Ever yours  
W.D.

Epstein paper  
having written in pencil  
as he was going down. Dr. Peritt  
was a pleasure to sit  
my. The deal paper is quite  
somewhat depressed. This  
has  
this we think is a mere  
passing phase.  
that all have  
been as last  
month
