My dear Dawson

At a Senate meeting today, the Committee on Honorary Degrees reported unanimously in favour of Confering the Honorary Degree of L.L.D. on you at the approaching Convocation, next Wednesday, & the Senate adopted the report as recommended. The matter came up as a Recommendation from the Chancellor, Professor Dupuis, Dr Goodwin and Mr Foster. I write you therefore privately to inform you of our intention, & to express my warm gratification at the action. It is not necessary that you

Should be present, but if you
can come, I need not say
how cordially you will be
welcomed. Ever truly yours

Wm Grant
