SOUTH DEVON.

Dear Doctor,

Very many thanks for your
Geological Notes which I read
with much pleasure and interest.

Is it true that you are going
to Washington once more to
arrange details as to Regulations.

It all seems such ancient
history now at least it does

so to me as I have been

1000000

KINGSBRIDGE

200TH DEVOY

stopping down here peacefully
the whole winter, and have
not once thought of seats or
the measures necessary for their
preservation.

My father was at Oxford Hill
about a fortnight ago when he
also came down here to recover
the effects of having had to
deliver a long course of

tutors. He and my sisters
both send their very kind
regards

Ever yours very sincerely

Ashley Froude
