George M. Dawson, C.M.G., LL.D., F.R.S.,

DEPUTY HEAD AND DIRECTOR,
MUSEUM AND OFFICES, SUSSEX STREET, OTTAWA.

February 19th, 1897.

Dear Dr. Adams,

I send by this mail one copy of your report, a number of which have just been received from the Printing Bureau. I think the report looks very well, and hope that you will be pleased with it. It certainly forms a most important contribution to Archaean geology.

The report is, of course, not yet counted as issued, until it has been sent to the Minister, and Members of Parliament. This will be done within a few days, when I hope also to be able to forward you the special supply ordered.

I was sorry to miss seeing you ^{again} when you were here the other day, but hope to do so before long.

Yours truly,

George M. Dawson
