

Dear Lady Dawson,

We, the undersigned, have been requested by the Staff of the Geological Survey of Canada, to convey to you and to the members of your family, an expression of their great sympathy in the loss which you have sustained in the death of Dr. G. M. Dawson, their late Director.

It is unnecessary for us to speak of his many attainments, since his reputation as a scientist is world-wide. All lovers of science and his many friends, both at home and abroad will, we feel sure, most deeply regret his untimely demise and termination of his brilliant career and useful life.

Again tendering you on their behalf and on our own, heartfelt sympathy, we beg to sign ourselves,

Yours very sincerely,

R. W. S.

Dear Mother
I received your letter of the 10th and was
glad to hear from you. I am well and
hope these few lines will find you the same.
I have not much news to write at present.
The weather here is very warm now.
I must close for this time. Write soon.
Your affectionate son,
Wm. K. Brown
