DIRECTOR GENERAL OF PUBLIC HEALTH,  
OTTAWA.

20 April 1901

Dear Lady Dawson

The photograph reached  
me safely last evening.

I am greatly touched and  
gratified by your kindness in thinking  
of me in this connection. The sense  
of personal loss grows keener and  
not weaker as one realises more  
and more how much has gone out of  
our lives with the death of our friend  
and I am very pleased to have this  
picture of him. Ever gratefully Yours  
Fred Montezambert.
