

Horton Lodge
Kensington W.
16 April 1901

Dear Lady Dawson

I was very glad to receive your letter of the 25th March and to hear some further particulars about your son for whom I had a very great regard. We became very intimate at the time of the Behning Sea Arbitration and as I stated in my letter to Lord Kintore his services to Great Britain on that occasion were invaluable

He also visited us at my home in the
country and I have the most pleasant
recollection of the keen interest he took
in everything which he saw there and
the valuable advice he gave me about
my plants and bees.

I shall of course be very pleased for
you to use my letter to Lord Minto in
any notice that may be written of him
and I should also like, if you will,
permit me, to write a short ^{notice} ~~paragraph~~
respecting the services rendered by
you now in that Archdeacon

I am

faithfully yours
Abnerne

Lady Dawson
