

OFFICE OF THE
DIRECTOR GENERAL OF PUBLIC HEALTH,
OTTAWA.

4 March 1901

Dear Lady Dawson

Though well aware
that letters of sympathy
can give no consolation
I cannot but send you
a line to add my word
of heartfelt regret
and loss which is very
real to the many you
will be receiving.

Dr. Dawson held

Personal and Rational Love, &
Love can be only
of Monty and his.

a very close place in the
affections of a host of
friends. We valued him
alike for his varied
and very marked mental
gifts, and for his bright
and lovable disposition.
His loss makes a gap in
our scientific, club and
personal circles that no
one else can fill.

Do not trouble to
reply to this but believe
in the sympathy and
respectful fellow
suffering in this great
