Hankins,

Your letter from  
Luz arrived last week, and  
I was much pleased that  
you have found so much  
interest in, and that  
your picture seems so pleasant.  
When your letter arrived  
I was in their joy  
and I have a telegram  
this morning of their safe  
arrival in Amouki. So  
we are all once more back  
in Canada. I have been  
here more than a month  
in Montreal, and have

The British Association  
meets are beginning to be  
five. Money will be here  
to 2 millions, and from  
this time must give  
attention to them for some  
weeks. I am however  
got my own affairs fairly  
well ahead in antici-  
pation.

I am sorry that letters

Paris. I have sent I think  
three; but I had no  
address except care of  
the P. & O. London.

results of my journey. Good matters  
at home all right, and feel  
stronger in every way than  
before, though I shall have  
pretty hard work for the  
next six months. I feel  
however quite equal to it.

I can assure you I am  
disposed to give thanks next  
Sunday to our Heavenly Father  
for all his kindness to us all;  
and when you return safely to us  
we shall feel that all is completely  
done for us the wanderings of the  
past year are answered.

William has left the Bridge  
Co, and is going in for the week,  
I hope to his advantage.

Charissa & Eva have  
gone from Plover to Utes, but  
Eva will be up this week or next.

Send a notice from the  
Merchant's Bank on which I have  
power to act; but you can give them  
instructions. Spent a bill to Hutton for
