Dear Rankin,

I send you
papers by this mail
about some letter as
concerns from the NW.
Riel has sustained a
~~great~~ defeat which I hope may
lead to the break up
of the whole rebellion*,
two of our Montreal bats
alians have gone west,
and another is under
orders, but I hope
may not be needed.
The result of these

* Not against this we have the capture of
32 wagons of supplies of Poundmaker a curshub
which is a great defeat for us.

and then you was J. H. K.
Wolm to send him
for a trip to England,
if he goes, it will
be by steamer of Saturday
next, 23d, or that
he should be in
England about the
24th June,
and I hope you and
he may meet.
I shall give him the
P. O. address so that
he may have card

as to his wheelabout

We are going into
the building line this
summer - pulling the
line of the medical
building, and putting
a second story on each
of the corridors, so
as to add six new
class-rooms. When
you return we shall
probably have quite
a different appearance
to far as buildings are concerned.

With all love
and kind wishes
Ever yours
W. Dawson
