

a short and prosperous
Reign. Our friend
Lord Dufferin is I
see to leave India and
it is said to assume
the now difficult and
responsible post of our
Viceroy to stay. The
present General who
goes to India is to
be replaced by Lord
Stanley, who I hope
will do as well.

Mina & Bernard and
their flock are well,
Florence and her news
by also doing well.
The Dawsons in that
quarter are multiplying.
I hope means to feed
them will also multi-
ply. The winter still
holds on quite strong,
but this may portend
a good spring. Sarge has
returned quite well from
Washington. Mamma
and her, send warm
love.
Love yours
