Dear Rankine

I leave this evening for Little Metis where I hope to be able to spend a few weeks.

Your draft came all right. Not expecting so large a sum at once, it would have merited my appt; but having just notice and being here at

Ms. A. 9. 2. 11

The time I could meet
it with a little less
of interest. After doing
1st I shall be in
funds in the bank
for any draft not
over £50 without
inconvenience.

I thank you for
the pencils, which ar-
rived safely.

Hope and Eva
and baby will I
trust be in England

before you receive this,
if you write to Mamma
or me, any time before
August 20th it will
be well to address
direct to L. Metes,

I enclose a C.P.R.
report addressed to you,
in case you should have
any interest in the matter,

I have not seen the
article or paper you refer to,
it is well to take an
interest in public questions

x Unless it is that in the Times copied on
part into the Imperial Federation Journal.

and I am sure you will
do it on the right
side, but I would not
let it interfere with
your professional views.

Mamma writes
pleasants from notes to
all seem well there
at last reports. The
summer has been fine
though somewhat unequal
in distribution of rain;
and the country is looking
very beautiful. I never
saw the foliage finer
or the grass more luxuriant.

Ever yours
