Dear Rankine

Very many thanks
for the copy of your Father's
life which has just reached
me - It was kind of you
to order one to be sent to me -
It is very nicely got up & I
think you must be much
pleased with its appearance
It only arrived last night

by a late post, so that I have
only had time to glance at
it; but I shall have great
pleasure in reading it.

I have so many happy
recollections connected with
your Father & especially I
enjoyed those last days
at Natick when I saw so
much of him & admired
so much the beauty of his
character & the peaceful

ending of a Christian life.

I think you will enjoy being
back again in Canada
& I hope Mrs. Dawson will
be very happy there, I know
what a warm welcome she
would get from your Mother
& Anna & Clare who so often
spoke of "Aunt Glo" such a
pretty title that it lingers in
one's mind.

It will be nice for your little
daughter to grow up among
her cousins.

I wonder if you found any
letters from my Father
among Sir William's papers,
if you did, I should be so
much obliged if you would
send them to me - if they
don't come, I will understand
that there were none -

When I have read your
interesting book I will write
to Anna, but I wanted at
once to send you my thanks
with kind regards to Mr. Downe.
Believe me:

very sincerely

Your best friend,
Syd. Wilson.
