

Feb. 8th

CLANDEBOYE,
IRELAND.

Dear Mr. Dawson,

I am so very
much obliged to you
for sending me the
account of my Father's
life. I shall read
it with great interest,
for I recollect him
well, and I have

in my little Museum
a very beautiful specimen
of an early fossil
which he gave me.

I wonder if it is
you who went out
with us in the Tachiana?
That is a long time

also now, but not
so long ago as Canada,
which however always
remains a fresh &
very pleasant memory

With renewed thanks

I remain, Sir

Sincerely

J. Duffin & Co
