Dear Dr. Griffith,

Your paper on Curare arrived on July 9 and is already at the printer's. It seemed to me admirable, and I have done no more than re-arrange a paragraph or two. If there is time we will send you a proof before publication, but if we see a chance of publishing your paper immediately, we will go ahead and perhaps get Macintosh to read it for you.

Will you be wanting reprints? If so, I will get the printer to send you an estimate of cost.

Yours sincerely,

E. Clayton-Jones.
