Dear Dr. Cushing. Lennox Grove

I know you have had so many Jan. 20th 26
congratulations on your wonderful book that mine will look like a small drop in the bucket, but to a sincere and enthusiastic one. Grant me grace a thrill to see my small contribution, but I hoped you did not

think you had to use it on Sally's account. When we lived in Jonesville among the Creoles I used to see Aunt Lizzy with the same things I say and use & like them. Yes I have accepted. My last book Uncle Tom's Cabin I dare the most easily discouraged Miss Peck to put down before I was finished. Yes my similitudes and language you succeeded because you knew your subject.

Your sincere friend, Edith Ward Hayes
